VISIONARY INNOVATORS

Name	Role
Kartik Patil	Team Lead + ML Engineer + Backend
Prajwal Kulkarni	Front-end + Backend
Spurthi Pattanashetti	Front-end
Hrushikesh Tubachi	Tester

METHODOLOGY
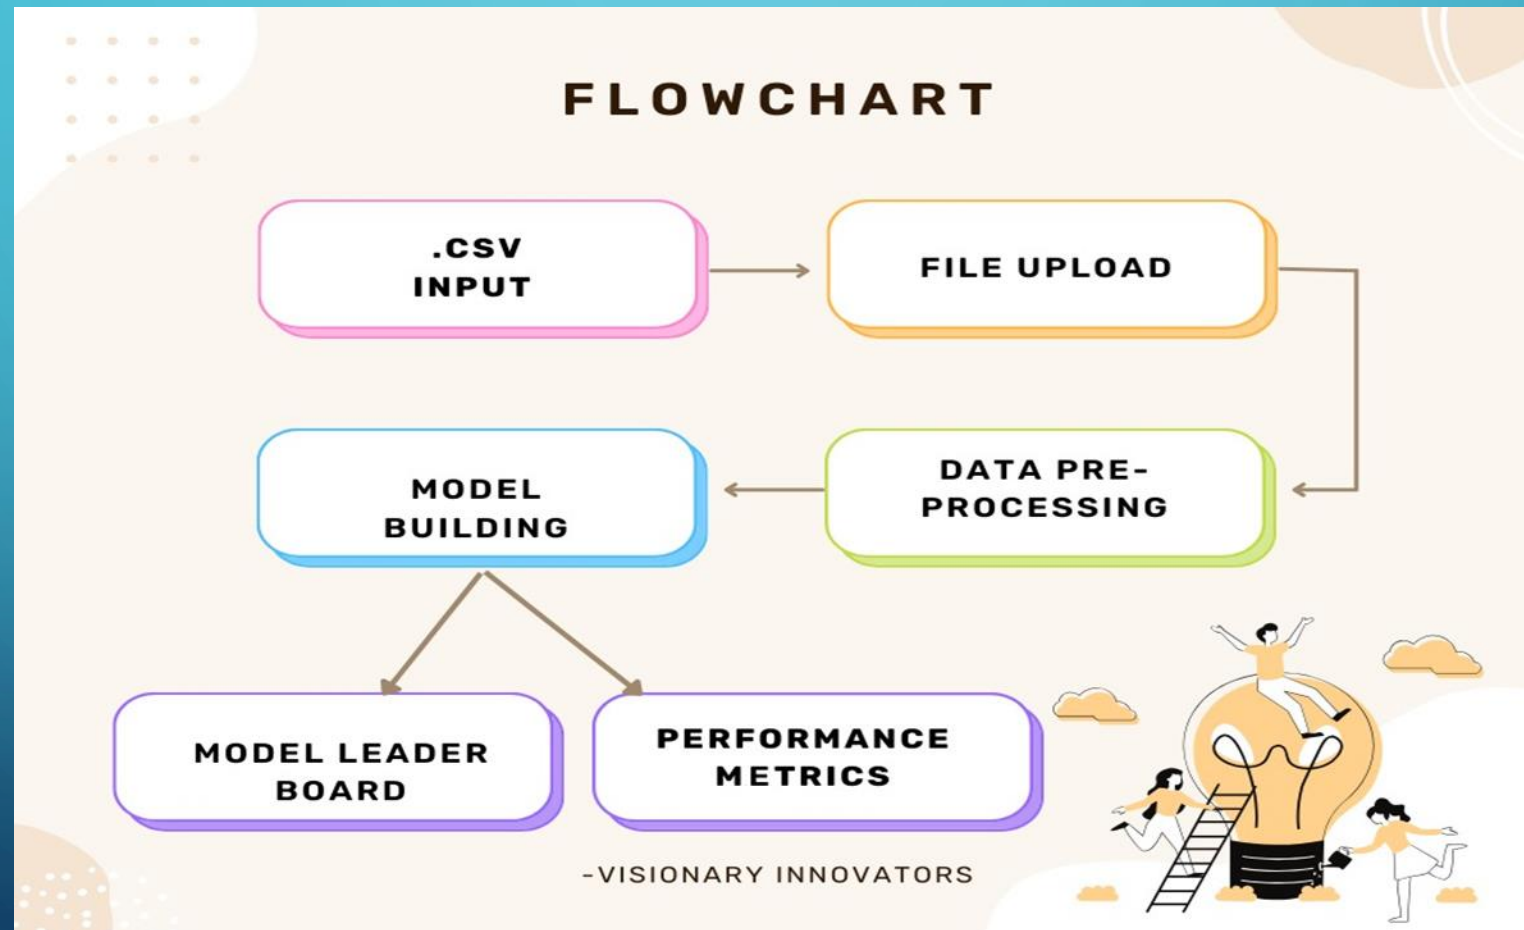

KEY IMPROVEMENTS OVER EXISTING SOLUTIONS:

- One-click analysis - no coding needed
- Zero cost vs expensive platforms (Google/Azure AutoML)
- Local processing - ensures data privacy
- Real-time parallel training of multiple models
- Instant performance comparisons and metrics
- Automatic preprocessing and error handling
- Works with any tabular dataset
- Simple web interface with detailed logging
- Minimum setup/installation required

UNIQUE SELLING POINT

A zero-code, Minimum-cost AutoML solution that instantly trains multiple advanced models in parallel while keeping your data secure through local processing
